**ORGANIC WINERY**

BARI, APULIA

- Vineyards and olive groves over 30 acres
- Established eco-friendly credentials

Nestled in the Murge highlands are 24.7 acres (10 ha) of thriving vineyards, which currently produce several wonderful wine varieties. The vineyards have been cultivated with organic methods since 2009, and in 2016 the winery was awarded official organic certification. A fully operational wine cellar, capable of producing up to 55,000 bottles per year, is

complemented by expansive storage rooms and warehouses with every facility required for wine processing. Elsewhere, the estate benefits from an olive grove, which extends over around 7.4 acres (3 ha). This fantastic proposition is complemented by a splendid six-bedroom, five-bath 19th-century villa. An imposing entrance hall introduces the beautiful interiors, with high ceilings and soaring windows filling the space with light. There is also an additional three-bedroom, one-bath property, currently used as a warden’s house. This is a fabulous compound, offering a business opportunity and a home all in one.

OFFERED AT €2,980,000
